

YOUR GLOBAL PARTNER FOR HOT-RUNNERS BASED IN CHINA

HEATLOCK is a Swedish Hot Runner Solution provider with headquarters in China. Our Operation is set up according to international business standards with strict quality and management system as our key ingredients. We have more than 30 years experience with Hot Runner Solutions. Throughout our global network of partners, HEATLOCK guarantees out high quality service no matter where your mould is produced or in production.

Are you looking for a Hot Runner System or a more advanced Hot Half, designed for longevity, low maintenance and easy service?

WE DO IT. ALL CERAMIC INSULATED.

HEATLOCK Hot Runners are known for their ceramic insulation, which insulates all the contact-and-location-points from the mould. We were the first in the world to introduce this at the K82 Exhibition. The ceramic has only 7% of the conductivity of steel.

Do you need a reliable Hot Runner component supplier based in China for private label or special project?

WE CAN DO IT.

HEATLOCK is your complete Hot Runner Solution provider, international and local at the same time.

YOUR TICKET TO GLOBAL ASSISTANCE WHEN YOU NEED IT.

HEATLOCK®

YOUR GLOBAL HOT-RUNNER SOLUTION

A1 SERIES

Complete range using floating manifolds. Direct gates, gate on runners and valve gates.

A2 MT

Multi tip nozzle series with 2, 3, or 4 tips. Available in two standard sizes for made special to your requirements.

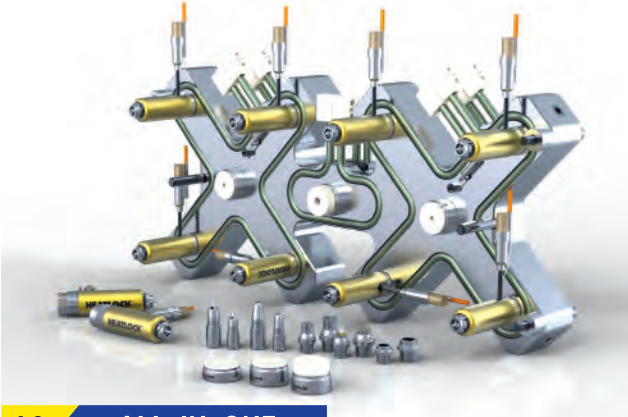

A2 MODULAR PERFECTION

When quality and performance matters. Floating manifold system, huge option list to suit all kinds of moulding including engineering filled resins.

A2 XL - MEGA

When all others are too small, our A2 XL-MEGA series with feed channel up to 24mm, L=200-500mm and exchangeable front will get the job done.

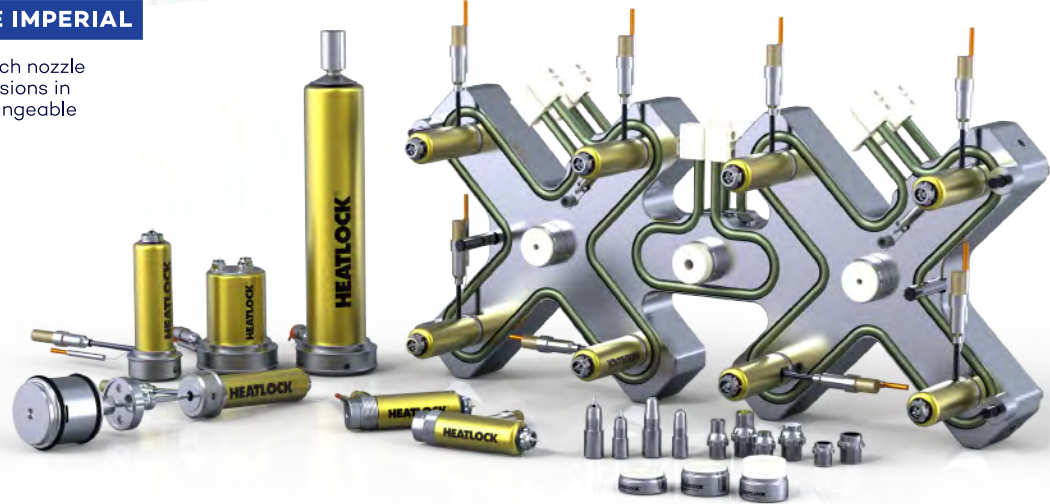

A3 ALL-IN-ONE

Hot Runners re-engineered to make it simple and easy to use with maximum performance and modularity. Simply drop the Hot Runner System in your mould and adjust gate position to the optimum position using our virtual gate position technology, V-GATE.

A4 HOTLINE IMPERIAL

Our US standard inch nozzle series. Outer dimensions in US standard. Exchangeable front options.

MANIFOLD

We make customized manifold for all application design standards:

- Physically balanced feed channels
- Additional supports if needed to ensure rigidity of the mould

HOT-HALF

Fully assembled Hot Half designed for longevity. Easy to install and service. For all kinds of mould base standards.

CERAMIC

Ceramic clamp technology, CE-FIX. Our latest development within our well proven ceramic insulation technology!
